**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have just received fiber from Sonic, previously I used them for DSL. In both, they have offered competitive prices and much, much, better service than some of the larger providers (I know because I used many other providers previously for DSL).

I am very worried that in the future the competition may be reduced and I may have to pay more for similar or worse broadband, and worse service.

Broadband is very important to me as I work in the Software industry, and I work from home.
